Highlights

Up to 65 minutes runtime

High performance 25.2 V lithium ion batteries provide up to 65 minutes Eco runtime, 30 min in normal mode and 21 min in Turbo mode before you recharge.

Integrated accessories

Accessories are simple to use with one click. The detachable handheld unit makes SpeedPro Max two devices in one. The brush attachment is integrated into tube so it's always at hand.

Hygienic emptying

The vacuum cleaner's dust bucket is easily removed and emptied hygienically without causing any dust cloud.

Smart power control

Smart digital display indicates speed and battery usage, and lets you know when it's time to clean the filter.

Fast reach everywhere

SpeedPro Max is flexible and easy to maneuver. The dust bucket is on top, which allows for a lower angle and even goes fully flat on the floor to reach under low furniture.

360° suction nozzle

360° suction nozzle captures dust and dirt faster with every stroke, even backwards and against edges, to make every move count.

LED nozzle

Dust, fluff, hair and crumbs are easy to spot and eliminated with LED lights in the SpeedPro Max nozzle. LED nozzle reveals even the hidden dirt.

PowerBlade digital motor

PowerBlade is a digital motor engineered for unmatched, high airflow (>1000 L/min) that produces 360° suction at the nozzle. Register at Philips.com within 3 months of purchase and enjoy a free 5-year motor warranty!

PowerCyclone 8 technology

PowerCyclone 8 technology - our best bagless vacuum cleaning technology now in a cordless stick, to keep stronger suction for longer.
