Highlights

Hidden cord winder

The cord can be wrapped underneath the base, so it's the right length for any kitchen and easily stored away.

Easy refilling

The kettle can be filled through the spout or by opening the spring lid.

Keep warm feature

The keep warm feature maintains the water in your kettle at a selected temperature so you don't need to reboil.

Stainless steel spout

Spill-proof spout is made of food grade stainless steel and efficiently prevents water spilling out, ensuring safe boiling and clean cup of water at all times.

Cordless + 360° pirouette base

The cordless kettle sits on a 360° pirouette base for easy lifting and replacing.

Flat heating element

A concealed stainless steel heating element ensures fast boiling and easy cleaning.

Water level indicator

The water level is easy to read with an indicator located underneath the handle.

Multi safety system

Multi safety system against boil-dry, with auto-switch off when the water is ready.

Spring lid with large opening*

A push-button lid opens smoothly at the touch of a button, avoiding steam contact. The large opening simplifies cleaning.

Pilot light

Elegant indicator light incorporated in the power switch illuminates when the kettle is turned on.
