Highlights

2-button release system

With the 2-button release system of the Philips handblender it is easy to remove the blending bar for easy cleaning.

ProMix blending technology

Developed together with the prestigious Stuttgart University, Philips ProMix is a unique, advanced technology that uses a specific triangular shape to create optimal food flow and maximum performance for faster and more consistent blending.

XL Chopper accessory

With the XL chopper accessory (1000ml) for a Philips hand blender you can chop large quantities of meat, herbs, nuts, cheese, chocolate and onions in seconds.

650 Watt Motor

650W

With the powerful motor of 650 Watt almost any ingredient can be blended.

Turbo function

With the Turbo function of the Philips handblender you can cut even the toughest ingredients.

Mixer accessory with 2 beaters

This mixer accessory or double whisk for the Philips hand blender has 2 beaters or whisks. It can even make cake batter. The mixer accessory helps you to mix, whisk larger quantities faster and with more volume than the single whisk or by hand. You can prepare cake batter, sponge cake, muffins, cream, eggs and more.

Anti-splash blade guard

The special wave shape in the bottom part of the handblender blending bar guarantees no splashes or mess while you blend.
