Highlights

ProBlend 5 technology

Innovative ProBlend 5 technology with optimum blending power ensures finely blended smooth results.

Two speeds and a pulse setting

This Philips Jamie Oliver appliance comes with a very simple to use rotary dial – select 1 for low speeds and 2 for maximum speeds. The Pulse setting is perfect for crushing ice or making sure that ingredients come together before blending.

5 star serrated blades

The new Philips Jamie Oliver blender features super hard titanium coated blades, which ensures that the serrated blades stay sharp for longer. Thanks to the 5 star blade, preparing batters, sauces and smoothies takes no time at

all, so busy parents can feel confident they're putting healthy and delicious meals on the table every night of the week.

Exclusive Jamie Oliver recipes

Each product in the range of Jamie's Tools by Philips Jamie Oliver comes with exclusive recipes from Jamie to help prepare a range of easy, fresh dishes that all the family will love.

High quality 2L glass jar

This blender is a cut above the rest. The jar is made from thick glass rather than plastic, so it's strong and doesn't absorb smells or colours.

Dishwasher safe accessories

We know that you want to spend your time preparing, cooking and enjoying food rather than washing up! The accessories in the Philips Jamie Oliver range are therefore dishwasher safe.

Jamie's Tools

"For me, it's about encouraging more people to enjoy cooking and to feel as comfortable and confident as possible using this kit. And, ultimately, I set out to design a range that I would be genuinely happy to have and use in my own kitchen. Every piece of kit from the Jamie's Tools range by Philips Jamie Oliver has a splash of lovely cornflower blue, the color I chose to match the clean retro shapes we've used. This stuff is meant to be shown off, not hidden away in cupboards."
