Pressurised steam  
generator

GC7225

## Faster ironing – from start to finish

Pressurised steam power with fast-fill water tank

Created to speed up ironing from start to finish, GC7225 is ready to use in 2 minutes. Pressurised steam power speeds up ironing by penetrating deeper into fabrics and the extra-large water-filling funnel allows fast and easy refills anytime.

### **Fast and powerful ironing**

- Up to 3.5 bars of steam pressure for fast ironing
- Ready to use in 2 minutes
- Continuous steam up to 80 g/min
- Water-filling funnel allows fast and easy refills anytime

### **Comfortable ironing**

- The steam trigger lock gives steam without needing to press down

## Highlights

### Up to 3.5 bars steam pressure

Double your ironing speed with pressurised steam. Pressurised steam penetrates deep into fabrics, making your ironing fast and easy, even on difficult fabrics.

### Quick start-up

When switched ON, the ironing system is ready for steam ironing in just 2 minutes.

### Continuous steam

The more steam, the faster the ironing. The unique technology used in the Philips steam generator iron produces powerful steam, making ironing quicker, easier and better.

### Extra-large water-filling funnel

Filling your iron's water tank has never been faster or easier. Simply open the easy-access lid and pour in the water. The large, funnel-like opening ensures quick, convenient filling without the risk of spillage. And water can be added anytime – before, during or after an ironing session – without having to wait for the iron to cool down.

### Steam trigger lock

The steam trigger lock allows a user the possibility of having continuous steam from the iron, without having to press the trigger continuously.

## Specifications

### Comfortable ironing

**Additional comfort:** Steam trigger lock

**Anti-scale management:** Easy Rinse

**Cord length:** 2 m

**Hose length:** 1.7 m

**Safe in use:** Overheat safety stop

**Suitable for tap water**

### Crease removal

**Soleplate:** Optimal vent pattern

**Vertical Steam:** Continuous vertical steam

### Easy to use

**Control:** Temperature ready light

**Easy to set up and store:** Easy cord and hose storage

### Technical specifications

**Boiler wattage:** 1400

**Frequency:** 50–60

**Iron wattage:** 800

**Voltage:** 220 - 240

### Weight and dimensions

**Product dimensions:** 429 x 400 x 206

**Product weight:** 6.1
