Kettle

Daily Collection

1.5 L

2200 W

Plastic

HD9334/22

Stylish design, made to last

See-through design helps you boil what you need

This smartly designed kettle allows you to read the amount of water from any angle while effectively filtering out lime scale thanks to the Micro-mesh filter. Reliable and efficient boiling, long life time!

Easy to experience

- 360° intuitive water level indicator
- Cordless 360° pirouette base for easy lifting and placing
- Power cord winder for easy storage

Fast boiling and easy cleaning

- Removable lid for easy of reach during cleaning
- Micro-mesh filter for a clear cup of water
- Flat heating element is easy to clean

Safe to use

- Steam leak-proof design for lid, handle and switch
- Multi safety system

Highlights

360° water level indicator

Easy to read water level indicator from every angle due to the translucent body. The stylish stripes smartly indicate the water and cups amount as well.

Cordless 360° pirouette base

Cordless 360° pirouette base for easy lifting and placing.

Power cord winder

The cord can be wrapped around the base, so that the kettle is easy to place in your kitchen.

Removable lid

Fully removable lid for easy of reaching during cleaning.

Micro-mesh filter

The removable fine micro-mesh filter on the spout restrains all scale particles with size > 180 micron and ensures that the water you put into your cup is clean.

Flat heating element

The stainless steel concealed element ensures fast boiling and easy cleaning.

Steam leak-proof

Steam leak-proof design for lid, handle and switch, avoiding steam contact.

Multi safety system

Multiple safety system against boil-dry, with auto switch off when ready or when lifted from the base.

IF DESIGN AWARD

IF award-winning products and projects, concepts and more, selected by the top names in design now aEach year, iF International Forum Design GmbH organizes one of the world's most celebrated and valued design competitions: the iF DESIGN AWARD. Recognized as a symbol of design excellence around the world, the iF DESIGN AWARD welcomes over 5,000 submissions from 70 countries every year.

RED DOT DESIGN AWARD 2016

The Red Dot Design Award is an international product design and communication design prize. Winning an award in this competition is proof that the creative minds have a vision and are able to commit, to carry out, to research and to experiment - and that they are a name to watch out for in the future. There are prize categories for product design, design agencies, and design concepts.

Specifications

Country of origin

Made in: China

General specifications

Product features: 360 degrees base, Automatic shut-off, Cord storage, Flat heating element, Integrated cord storage, Non-slip feet

Service

2-year worldwide guarantee

Technical specifications

Capacity bowl: 1.5 L

Cord length: 0.75 m

Frequency: 50/60 Hz

Power: 2200 W

Voltage: 220-240 V

Weight and dimensions

Dimensions of product (LxWxH):

223x162x254 mm

Micromesh filter: 180 µm

Design

Color: Star White and Silk Beige

Finishing

Material heating element: Stainless steel

Material of main body: PP Plastic

Material switch: PP Plastic
