Faster and easier ironing

with OptimalTEMP technology

Iron your garments without adjusting temperature thanks to the revolutionary OptimalTEMP technology. Most compact steam generator, easy to store & carry. 99% calc free, Pure Steam anti-scale cartridges increase life by 5 times

Carefree ironing, no temperature setting required

- Iron from jeans to silk with no temperature setting required
- Safe to leave the hot soleplate on the ironing board
- Tested and approved by independent textile experts

Fast and powerful ironing

- Ready to use in 2 minutes with unlimited refill
- Max 5 bar pump pressure
- 1.5 L water tank, up to 2 hours of ironing
- The most compact and lightest steam generator
- Anti-scale cartridge delivers pure steam
- Steam boost up to 180 g
- Our best gliding soleplate

Highlights

1.5 L water tank

Thanks to the 1.5 L watertank capacity, you can iron up to 2 hours continuously without any refills. The large filling hole makes the refilling fast. You can either fill your steam generator iron under the tap or use a jug / large bottle.

Steam ready in 2 minutes

Steam is ready to use in 2min and can be refilled at anytime during ironing.

Max 5 bar pump pressure

The more steam, the faster the ironing. Consistent powerful steam is generated which penetrates deep inside the garments making ironing faster and better. Steam power can be regulated to fit your needs.

OptimalTEMP technology

"Now you can iron from jeans to silk with no temperature setting required. Guaranteed no burn on all ironable fabrics. Revolutionary technology with the 1) Advanced Smart Control Processor which controls precisely the soleplate temperature. You do not need to adjust temperature 2) Compact ProVelocity steam engine delivers more steam for ironing faster. It enables compact design of your steam generator for easier storage"

Safe rest

The Philips innovative OptimalTEMP technology guarantees no burn on all ironable fabrics. During ironing, no need to put your iron back to the base station, just leave the hot iron soleplate directly on the garments or cotton ironing board cover without additional resting accessory. It will not damage any of your ironable garments, neither the board. This makes your ironing easier with less wrist efforts.

Tested and approved:

This iron is tested and approved by independent textile experts institutes for its excellent ironing performance, such as DWI,

IWTO, Woolmark. The Woolmark Apparel Care program helps consumers identify quality laundry products that are approved by The Woolmark Company for use on wool products. Philips with its exclusive OptimalTEMP technology has been so far the only brand able to be certified with the Gold standard from Woolmark. You can be confident that the Woolmark-approved apparel care products are ideally suited for any wool garments.

Compact and light

The compact design makes your appliance easy to storage. Space will never be an issue again! As it is very light, your appliance is easy to carry. Its light weight iron will make your ironing much more comfortable.

PureSteam Anti-calc cartridge

The replaceable PureSteam Anti-scale cartridges are proven to be the most efficient system to filter scale on a steam generator, up to 99% of scale filtration, even with hard water. The appliance is guaranteed 5 years against scale related issues. The steam is clean and the product life is extended by 5 times. Intelligent, the system warns when the cartridge needs to be replaced. A cartridge lasts in average 3 months. To continue using your appliance, you can either use demineralized water while keeping the old cartridge inside, or replace it by a new cartridge. 2 cartridges are included
