6 great solutions for easy ironing

Efficient ironing board

The ironing board plays an important role in the ironing experience. The Philips ironing board is designed to help get through the ironing faster and easier.

Fast ironing

- Smooth ironing without water drips on the floor
- Iron more in one go: XL board shape and XL iron tray
- Multi-layered board cover for smooth gliding

Convenient ironing

- 1 kg lighter*
- Ironing with 60% less noise*
- Clothes hanger

Safe ironing

- Designed for stability: transport lock and feet caps

Highlights

1 Kg Lighter

The ironing board is now 1 kg lighter compared to previous version for more convenient movement before your ironing session

Clothes hanger

No need to look for a place around you to hang your freshly ironed shirts. You can hang garments directly after ironing to the convenient hanging rail.

Transport lock and feet caps

Transport lock prevents accidental collapsing of the board while ironing and also keeps the board closed during storage. The ironing board is supported by double leg construction with anti-slip feet caps that provides extra stability.

XL Board and XL Tray

Iron more in one go with Philips XL board shape (120 x 45cm). It is also ideal for ironing big items such as bed lines and table cloths. The stable and extra-large iron tray is perfect for steam generators. It is also heat resistant and can be safely used with steam irons.

Ironing with 60% less noise

Ironing experience is more convenient with the ironing board cover that gives more silent ironing with 60% less noise reduction in sound power versus multilayer board cover

AquaBlock anti-drip cover

AquaBlock is a unique technology that prevents condensed steam from dripping on the floor, making this board cover the ideal ironing surface for steam generator irons.

Multi-layered board cover

The board cover is made of 100% cotton and is supported by foam and felt layers. This combination provides a comfortable and smooth ironing surface.
