

PHILIPS

Steam iron

PerfectCare Azur

Steam 50g/min; 200g steam boost

T-ionicGlide soleplate

Safety Auto off + Anti-calc

Safe for all ironable garments

GC4919/80

Carefree ironing, no setting required

Deep ionised steam for optimal, hygienic ironing

Iron any ironable garment from silk, to linen, to cotton, to cashmere, in any order, without adjusting the temperature. PerfectCare Azur delivers perfect results without the risk of burn or shine. Ironing is now simpler than ever.

One perfect setting for all your clothes

- OptimalTemp technology: perfect combination of temperature
- 100% safe on all ironable garments
- 100% fast on all fabrics; no other steam iron is faster
- 100% easy to use, no adjustment required
- Tested and approved by independent textile experts

Comfortable ironing

- T-ionicGlide: our best 5-star rated soleplate
- Deep ionised steam for optimal, hygienic ironing
- Suitable for tap water with Double Active Calc Clean system
- Quattro Precision Tip for easy reach in tricky areas
- Innovative CordGuide

Fast and powerful ironing

- 2800 W iron for fast heat up and powerful performance
- Steam output of up to 50 g/min for better crease removal

Highlights

OptimalTemp technology

Optimal Temp technology is the only technology which maintains the perfect combination of temperature and steam so you no longer need to adjust the temperature when ironing different fabrics. The perfect combination of steam and temperature is ensured because: 1) Smart Control Processor sets the right temperature 2) HeatFlow technology enables an even steam and temperature balance.

100% safe

100% safe on all fabrics even the most delicate like silk, cashmere, wool, polyester. Independent iron testing institutes have used PerfectCare on the most sensitive ironable garments and they confirmed excellent ironing results.

100% fast

100% fast to iron, no sorting required. Iron all your garments with more effective steam.

100% easy to use

100% easy to use, no adjustment required. You can now iron all ironable garments one after the other, without having to wait or to adjust the iron's temperature dial.

Tested and approved:

This iron is tested and approved for its excellent ironing performance by independent textile expert institutes, such as DWI, IWTO and Woolmark. It is certified by the Woolmark Gold standard. With its OptimalTEMP technology, Philips is so far the only brand to achieve the Gold standard from Woolmark.

T-ionicGlide soleplate

T-ionicGlide is Philips' most premium soleplate. Delivering a new standard in glide and scratch resistance for OptimalTemp irons. The patented new coating will secure excellent results. The carefully designed shape and vent holes provide an even steam distribution for easy crease removal with the steam iron.

Deep ionised steam

The unique composition of ions automatically released into the steam results in optimal, hygienic ironing on all ironable garments.

Suitable for tap water

PerfectCare Azur steam iron is designed to be used with tap water. Double Active Calc Clean: A smart combination of Calc Pills and a regular Self Clean reduce the scale built-up. For better ironing results we recommend to use demineralised water. This ensures a consistent steam flow from your iron.

Quattro Precision Tip

The Quattro Precision Tip of the steam iron allows you to reach into the most difficult to reach areas while ironing. Iron closely around the buttons with the button groove; having a speedy designed shape for better visibility; a Precision SteamBoost area for a focused shot of steam and the slim tip for delicate ironing complete the Quattro Precision Tip.

Specifications

Fast and powerful crease removal

Soleplate: T-ionicGlide
OptimalTemp Technology
Continuous steam output: 50 g/min
Steam boost: 210 g
Power: 2800 W
Spray

Comfortable ironing

Cord length: 2.5 m

Easy to use

Water tank capacity: 350 ml
Drip stop
Soft grip
Safety auto off
Cord storage: Cord clip
Cord freedom (swivel): 180 degree cord freedom
CordGuide: Keep your cord out of the way
Fast and easy filling
Power cord length: 2.5 m

Sustainability

Energy saving: 10% energy reduction

Calc management

Suitable for tap water
Calc clean solution: Double active calc clean
Calc clean reminder: Yellow flashing

Technical specifications

Weight of iron: 1.75 kg
