

Philips SpeedCare
Refurbished Steam
generator iron

Refurbished product
Max 4.4-bar pump pressure

GC6606

Faster and easier ironing**

with twice as much steam** as a steam iron

The Philips SpeedCare steam generator delivers more steam than a steam iron, helping you to speed up your ironing. Enjoy more quality time with your family thanks to the reduced ironing time with the Philips SpeedCare steam generator iron.

Compact technology

- Lightweight and compact size for easy storage
- Optimised water tank for fast refilling
- Safe and secure carry lock
- Automatic switch-off for safety and energy saving

Fast ironing with continuous powerful steam

- Powerful steam for ultimate crease removal
- Integrated easy-clean system for long-lasting performance
- Great scratch resistance and easy gliding

PHILIPS

Highlights

1.2-l water tank

The water tank has a large filling hole so you can easily fill it under a tap, or with a jug or bottle at any time during ironing. It has a capacity of 1.2 L, so you can enjoy the convenience of more than 1 hour of continuous use, with no need to top up the tank.

Safety auto off

The safety auto-off function automatically switches off your steam generator iron if it has not been used for a few minutes. This saves energy and gives you peace of mind about safety.

Lightweight and compact size

Thanks to revolutionary ProVelocity technology, we've been able to make a steam

generator more compact than ever before.

The smaller size fits perfectly on your ironing board for convenience, and carrying it around is made far easier. Plus your steam generator iron will take up much less storage space.

Safe carry lock

Your steam generator iron includes a safe carry lock, which securely fastens your iron to its base without the risk of it slipping or someone touching the hot soleplate. It ensures safe and easy transportation around the house, to and from storage.

Smart Calc clean

Regular descaling protects your iron and maintains steam performance. The Smart Calc-Clean system is an integrated descaling and cleaning function to extend the lifespan of your steam generator iron. The iron will remind you with both light and sound that cleaning and descaling is needed. Simply place your iron onto the Smart Calc-Clean container and start the process. It takes approx. 2 minutes for the dirty water and scale to be collected; your steam generator will beep once it's finished and ready to use again.

SteamGlide Ceramic soleplate

The SteamGlide ceramic soleplate is durable and non-stick, with high scratch resistance and a smooth glide over fabrics. Plus it's easy to clean, especially compared to aluminium soleplates.

Ultra-powerful steam

An ultra-fast ironing experience can be yours with revolutionary technology. The powerful and continuous steam tackles even tough creases, and thicker fabrics are smoothed out with ease and speed. Plus there's an extra steam boost if needed, perfect for vertical steaming or stubborn creases.

Specifications

Easy to use

- Hose length: 1.6 m
- Power cord length: 1.8 m
- Heat-up time: 2 min
- Water tank capacity: 1200 ml
- Ultra-light and comfortable
- Cord freedom (swivel): 180 degree cord freedom
- Cord storage: Cord clip
- Hose storage: Hose storage compartment
- Refill any time
- Filling and emptying water: Extra-large filling hole

Technical specifications

- Product dimensions: 19.8 x 21.7 x 34.6 cm
- Voltage: 220 - 240 V
- Packaging dimensions: 26.4 x 30.3 x 40.4 cm
- Weight of iron: 1.1 kg

Fast and powerful crease removal

- Continuous steam output: 95 g/min
- Pressure: Max 4.4-bar pump pressure
- Power: 2400 W
- Vertical steaming
- Soleplate: Ceramic

Accessories

- Calc Clean container

Calc management

- Filtered water recommended
- Calc clean reminder
- Calc clean solution: Smart Calc Clean
- Suitable for tap water

Service

- 2-year worldwide guarantee
