- Steam output of up to 50 g/min for better crease removal
- 2600 W for quick heat up and powerful performance

Calc solution

- Built-In calc container collects calc during ironing
- Self-Clean for effective calc removal

Comfortable ironing

- Electronic shut-off when iron is left unattended
- Optimal weight for easier manoeuvrability over your garments
- Auto Steam Control for the right steam for each garment
- Triple precision tip for optimal control and visibility

Easy gliding on all fabrics

- T-ionicGlide: our best 5-star rated soleplate

PHILIPS

Highlights

Steam boost up to 200g

Steam boost up to 200g for fast removal of even the most stubborn creases.

Built-In calc container

Our specially designed and built-in calc container collects calc particles during ironing. The Self Clean process flushes the calc out of the iron to maintain consistent ironing performance day after day.

Steam up to 50 g/min

Continuous steam output of up to 50 g/min gives you the perfect amount of steam to efficiently remove all creases.

Auto shut-off

The electronic shut-off automatically switches the iron off when it is left unattended or tips over.

Self-Clean

In addition to the built-in calc container, the self-clean function of your soleplate will remove the most stubborn calc. A clean soleplate will improve your steam performance and ironing results.

Optimal weight

The iron has the optimal weight to move easily over any garment, making ironing less of a hassle and easy to constantly place the iron on the board and back to its heel rest.

T-ionicGlide soleplate

T-ionicGlide is our best gliding and scratch-resistant, 5-star rated soleplate with integrated Titanium-Oxide layer.

Auto Steam Control

Auto Steam Control takes away your worry for selecting the amount of steam you need. Just select the temperature for the garments you're ironing and off you go.

2600 W for quick heat up

2600 W for quick heat up and powerful performance.
