Solid performance, cup after cup

With large capacity containers

The new Saeco Royal is the rejuvenation of a trusted classic. What remains unchanged is the extremely solid performance and the generous tanks for beans, water and coffee grounds.

High comfort is part of the experience

- The fully removable brewing group can be cleaned in no time

A variety of coffees customized to your taste

- The strength selection remembers just how strong you like it

Advanced technology designed for coffee perfection

- Velvety froth at one touch with the Automatic Milk Frother

Highlights

Removable brewing group

Efficiency and ease of use were key inspirations when Saeco invented the first brewing group 30 years ago. And to this day, it still proves to be an inspired, resolute piece of technology. As always, it's so simple to clean – just remove it and wash it under the tap for a few seconds, then re-insert it just as easily.

Memo Function

Once you've chosen your ideal strength from the 5 different settings, you can easily save it with the Memo Function, as well your desired

length and temperature. Then every cup in the future will be customised exactly to your taste. You'll never have to remind it again, unlike the local barista.

Automatic Milk Frother

The Automatic Milk Frother will deliver your coffee's crowning glory at the touch of a button. Within seconds it will be topped with a silky, milk layer of the finest consistency – the ultimate lure for all cappuccino lovers.

Specifications
