Less refilling for longer ironing sessions

Iron with large watertank

Philips SmoothCare steam iron range has one of the largest watertanks there is for steam irons. Iron longer without refilling! Powerful steam will enable you to remove the tough creases easily.

Easily removes creases
- Continuous steam output up to 40 g/min
- Steam boost up to 180 g
- Ceramic EasyFlow soleplate

Comfortable ironing
- Extra large 400 ml watertank needs less refilling
- Drip-stop system keeps your garments spotless while ironing

Longer lifetime
- Calc clean to prevent your iron from scale build up

PHILIPS

Highlights

Up to 40 g/min of steam

Philips steam iron with continuous steam output of up to 40 g/min gives you the perfect amount of steam to efficiently remove all creases.

Large watertank

Comfortable ironing with less refilling. The 400ml XL water tank allows longer ironing without refilling. The large buttons and comfortable steam slider are easily accessible and give you full control.

Steam boost up to 180 g

The steam boost can be used for vertical steaming and tough creases.

Calc clean

The calc clean function enables you to simply flush your Philips iron to remove the calc particles out of your iron. This will extend the lifetime of your iron.

Ceramic EasyFlow soleplate
Ceramic EasyFlow soleplate is scratch resistant, glides well and is easy to clean.

Drip-stop system

The Drip Stop system of your Philips steam iron lets you iron delicate fabrics at low temperatures without having to worry about stains from water droplets.
