

Philips Viva Collection
Refurbished Juicer

Refurbished product

500 W & 1.5 L
QuickClean
Drip-stop

HR1832

Maximum juice. Minimum fuss.

All in one compact design

Everything you expect from a juicer – high juice extraction, cleaning within 1 min – in a compact design that is half the size!* Treat yourself with the joy of healthy homemade juice every day.

Fresh juice every day

- Juice directly into your glass
- Juice up to 1.5 L in one go
- Compact juicer always at hand on your kitchen counter top

Clean within 1 minute!

- QuickClean technology
- Smooth and easy-to-clean surfaces
- QuickClean sieve
- All pulp collected in one place for easy disposal

Easy to use

- Easy checking of pulp with see-through pulp container
- All removable parts are dishwasher safe
- Drip stop to prevent juice from dripping

PHILIPS

Highlights

Direct serve

This juicer allows you to use your own glass (max. height 12 cm). Place it directly under the integrated tap and you are ready to juice.

QuickClean technology

The Philips juicer is designed for easy cleaning thanks to QuickClean technology. Cleaning can now be done within 1 minute, thanks to the integrated pulp container and smooth surfaces.

See-through pulp container

Enjoy a true interactive juicing experience. The lid and the pulp container are transparent so you can see your fruits and vegetables being juiced. You also directly see when the container is full, which means it is time to empty it.

Dishwasher safe

For even easier and faster cleaning all removable parts can be safely cleaned in the dishwasher.

Smooth and easy to clean

The juicer is designed with round shapes and smooth surfaces to facilitate easy rinsing under the tap.

Drip stop spout

When activated, the drip stop will prevent the juicer from dripping. The drip stop spout is very easy to clean as it is detachable and it is made of dishwasher-safe materials. With one simple move, you can prevent the juice from dripping and keep your counter top clean.

QuickClean sieve

A lot of pulp fibres usually get stuck in the sieve, which makes it very difficult to clean. Thanks to the innovative QuickClean

technology, all surfaces of the sieve are smooth, which helps you wipe away the fibres with a standard kitchen sponge.

Juice up to 1.5 L in one go

You can make up to 1.5 L of juice in one go without needing to empty the pulp container.

Integrated pulp container

The pulp will all be collected in the only place where it should be: in the pulp container of your Philips juicer. That means you no longer need to remove pulp from other parts such as the lid. Due to the round design and smooth surfaces without nooks and crannies, the pulp is easy to reach and the container is much easier to clean.

Compact design

At only half the size*, this juicer takes up limited space. You can leave it on your kitchen counter top or store it easily.

Specifications

Design specifications

- Colour(s): Ink black
- Material housing: ABS Plastic
- Material jug: PP Plastic
- Material pulp container and pusher: ABS, SAN

General specifications

- Non-slip feet
- Safety clamps
- Integrated cord storage
- One optimised speed: For all fruits

Technical specifications

- Power: 500 W
- Voltage: 220/240 V
- Frequency: 50/60 Hz
- Cord length: 0.80 m
- Pulp container: 1 l
- Feeding tube dia: 55 mm
- Capacity juice jug: 500 ml
