Highlights

8 browning settings

Adjust toasting time for any bread, however you like it.

Cool-touch exterior

Insulated design means the outside walls always stay cool and safe to touch.

Reheat mode

Reheat mode warms up previously toasted bread in seconds at the touch of a button.

Auto shut-off protection

Auto shut-off in case of bread jam protects against short circuits.

Defrost mode

Defrost mode effortlessly toasts frozen bread in one go at the touch of a button.

Removable crumb tray

Easy to keep clean and tidy thanks to the removable crumb tray.

Built-in bun warming rack

An integrated bun warmer heats pastries, rolls, croissants and more.

High-lift lever

A high-lift lever gives small items an extra boost for safe, easy removal.

Philips Green Logo

Philips Green Products can reduce costs, energy consumption and CO2 emissions. How? They offer a significant environmental improvement in one or more of the Philips Green Focal Areas – Energy efficiency, Packaging, Hazardous substances, Weight, Recycling and disposal and Lifetime reliability.

Cancel button for instant shut

The cancel button stops toasting at any time for safe and precise operation.

Long slot design

A single, long slot fits virtually any type of bread you choose.
