### **Various type and flavor of pasta & noodle**

- A free recipe book with over 20 different dishes
- Unique shaping discs to create various type of pasta/noodle
- Adding different ingredients to personalize the flavor

# Highlights

## Powerful and fast extrusion

With advanced engineering and robust material and build of the machine, the Philips Pasta Maker can exert 1600 lb force on the dough during extrusion, which not only enables a fast making process in just 10 minutes, but also guarantees perfect texture and taste of the pasta.

## Automatic process

After choosing program and pressing start button, the machine automatically mixes, kneads and extrudes in one go.

## One-push cleaning tool

There are specially designed cleaning tool matching the shaping discs (Spaghetti and Fettuccini) that makes cleaning an easy one-push job.

## Personalized taste

By using different flour and adding different ingredients like egg, herbs or spinach and carrot juice, you can make various type and flavor of pasta or noodle.

## Recipe book

Accompanying with the machine there is a colorful recipe book provides ingredient list for 24 different types or flavors of pasta and recipe for over 20 pasta / noodle dishes.

## Storage

At the bottom of the Pasta and noodle maker there is a storage drawer where you can easily store the shaping discs and cleaning tools.

## Various shaping discs

With the machine there are 4 default shaping discs for Spaghetti, Penne, Fettuccini and Lasagna. More shaping discs will come as additional accessory for different type of noodle and pasta.
