Auto Calc-Clean

GC9020

Powerful and hassle-free ironing

Unique Auto Calc-Clean function

This fast and powerful ironing system removes hassle with the unique Auto Calc-Clean function. Removing scale from the system is something you no longer have to do; it is done for you. Giving you a superb, hassle-free ironing experience

Fast and powerful ironing

- Up to 5 bar pressure
- Continuous steam up to 120 g/min
- SteamGlide soleplate is Philips premium soleplate

Comfortable ironing

- Ergonomic and lightweight 1.2 kg iron

Easy set-up and storage

- Lock your iron securely to the base station
- Easy one touch cord storage — just press the button

Hassle-free scale removal

- Removes scale from your system automatically

Safe ironing

- System shuts-off automatically when iron is left unattended

Highlights

Ergonomic iron

The ergonomic design of the iron facilitates comfortable ironing by putting less strain on the wrist. The upwardly sloping handle ensures a natural position reducing strain during ironing. The iron design also prevents the repetitive movements caused by placing an iron on its heel. The iron is light (1.2 kg) for an easy and comfortable ironing experience.

SteamGlide soleplate

The SteamGlide soleplate is the best Philips soleplate for your steam iron. It has great scratch resistance, glides excellently and is easy to clean.

Auto Calc-Clean function

The Auto Calc-Clean function automatically cleans your ironing system of scale. A two-minute scale removal cycle is activated

automatically when it is time to clean your system. All you have to do is empty the detachable rinse tank. It keeps your system as new and powerful as the day you bought it.

Automatic cord winder

Thanks to the automatic cord winder, you can just press the button to automatically retract the power cord.

Automatic safety shut-off

For your safety, the automatic safety shut-off switches the ironing system off when it is left unattended. The ironing system can be reactivated by pressing any button.
