Contact grill

Daily Collection

2000 W

Ribbed plate

2 grill positions, high temp.

HD6305/21

Discover fuller Flavours

2 position-grilling styles in a compact design

This healthy grill has high temperature grill plates to seal in the juicy flavour. These grill plates heat up fast and keep a constant heat for results you can trust. Use it in a sloped or horizontal position for different cooking styles.

Discover variety of fuller flavours

- High temperature grill plates seal in all the flavour
- Adjustable thermostat ensures perfect results for every food
- High power for heating up fast and keeping a constant heat.
- Double grilling positions: table & contact grill

2 in 1 grill

- Table grill position and Contact grill position
- Non-stick grilling surfaces are easy to clean

Simplicity in use

- Healthy sloped grill plates drain away all excess fat
- Easy to store upright

Highlights

High temperature grill plates

The high temperature of the grill plates seals in all the juices and flavour of the food. That's because the moment the food comes into contact with the surfaces of the grill, it begins to sizzle and brown, forming a tasty crust that keeps all the goodness and flavour inside, where it belongs.

Adjustable thermostat

Wide temperature range (70°C to 230°C) to choose the ideal temperature for each ingredient so that you ensure the perfect results for every food.

2000W for constant heat

High power for heating up fast and keeping a constant heat.

Double grilling positions

The grill can be used with the lid fully open or closed. 1. The sealed position holds in all the flavour and is ideal for grilling meat, fish, vegetables or sandwiches. 2. The fully open position is like a mini-barbeque, perfect for table grilling, fun cooking or warming up your food.

2 in 1

2 in 1 multiple positions: Table grill position and Contact grill position.

Easy to clean, non-stick plate

Non-stick grilling surfaces are easy to clean

Integrated grease tray

The sloped position lets excess grease run off into the included grease tray, which is very healthy and ideal for meats and foods containing excess oil.

Upright storage

Easy to store upright; tidy storage of cord and tray.
