Highlights

One-push cleaning tool

There are specially designed cleaning tool matching the shaping discs (Spaghetti and Fettuccini) that makes cleaning an easy one-push job.

Recipe book

Accompanying with the machine there is a colorful recipe book provides ingredient list for different types or flavors of pasta and recipe for over 20 pasta / noodle dishes

Automatic process

After choosing program and pressing start button, the machine automatically mixes, kneads and extrudes in one go.

Personalized taste

By using different types of flour and adding different ingredients like eggs, herbs or spinach and carrot juice, you can make various types and flavors of pasta or noodle.

Storage

At the bottom of the Pasta and noodle maker there is a storage drawer where you can easily store the shaping discs and cleaning tools.

Various shaping discs

With the machine there are 4 default shaping discs for Spaghetti, Penne, Fettuccini and Lasagna. More shaping discs will come as additional accessories for different types of noodle and pasta.

Powerful and fast extrusion

With advanced engineering and robust material and build of the machine, the Philips Pasta and noodle maker can exert 1600 lb force on the dough during extrusion, which not only enables a fast making process in just 15 minutes, but also guarantees perfect texture and taste of the pasta or noodle.
