PHILIPS

Saeco, a Philips brand

Highlights

100% ceramic grinders

Ceramic material ensures long-lasting performance and silent operation while not deteriorating. This means your coffee will be always ground like the first time, delivering the best of your beans for more than 15.000 cups.

5 beverages

Enjoy your favourite drinks for your special moments. Whether you crave for an espresso, a coffee or a milk based recipe, your Super-automatic machine delivers a perfect in-cup result with no hassle and in no time!

Adjustable coffee spout

The adjustable spout on our espresso machines will fit every cup and thus prevents

the coffee splashing or cooling down while pouring in your cup. This way your espresso is always served at the right temperature while maintaining a clean machine.

Auto-Rinse & Guided descaling

This espresso machine automatically cleans its coffee circuit with water upon starting up or switching off of the machine, this delivers a great, fresh taste with each cup of coffee. Regular descaling prolongs your espresso machine's life. This machine will prompt when descaling is needed. It will guide you with on-screen messages what you have to do and when.

Customize your coffees

This Super-Automatic machine offers an abundance of indulgent options to customize your beverage to your taste. You can easily personalize and memorize length, strength and temperature for each drink. Feel free to explore, experiment and dream up any drink!

High capacity & compact design

Enjoy more room and go longer without refill thanks to the high-capacity bean, water, and waste containers in a super-compact design. This smart, super-automatic machine provides you with maximum convenience and top notch performance thanks to a large capacity water tank, bean and waste container.

Philips Green Logo

Philips Green Products can reduce costs, energy consumption and CO2 emissions. How? They offer a significant environmental improvement in one or more of the Philips Green Focal Areas – Energy efficiency, Packaging, Hazardous substances, Weight, Recycling and disposal and Lifetime reliability.
