Homemade baby pasta for beloved kids

Baby pasta kit for the Philips noodle maker

Fresh and healthy homemade baby pasta has never been easier. Thanks to the new Philips pasta maker baby kit, you can make fresh pasta for your beloved kids at home now.

Healthy homemade pasta with zero additive

- Create healthy pasta by adding in natural ingredients

Parents and kids bonding

- The creating process is a great opportunity to bond with kid

Educational

- Cute shaps to attract kids and help them to recognize

Highlights

Healthy homemade baby pasta

Add in fresh ingredients like egg, spinach juice, or carrot juice to create healthy and nutritious pasta for your kids. It is 100% safe because you have the full control!

Create pasta with your kids

The process of creating pasta is playful and enjoyable, so it can also be a great opportunity to bond with your kids.

Cute shapes of pasta

The baby pasta rolling pin makes different cute shapes of pasta, which are very attractive and can help kids to recognize shapes and animals.
