Steam iron

EasySpeed

Steam boost up to 100 g

Ceramic soleplate

Drip-stop

GC1752/36

Easy and effective

4 steam settings for better ironing results

EasySpeed iron makes your ironing easy and effective with lots of steam to remove tough creases, ceramic soleplate for easy gliding on all fabrics and scratch resistance, Calc Clean function for durable performance.

Ease of use

- 220 ml water tank for longer ironing sessions
- Larger soleplate to cover more in one go*
- Wider hole for easy water filling*
- Ceramic soleplate for easy gliding and scratch resistance

Effective results

- Integrated water spray evenly moistens the fabric
- Continuous steam up to 25 g/min for good crease removal
- Power up to 2000 W, enabling constant high-steam output
- Drip-stop system keeps garments spotless while ironing
- 100 g steam boost to remove stubborn creases easily
- 4 steam settings for better results on different fabrics

Longer lifetime

- Calc Clean slider for durable steam performance

Highlights

220 ml water tank

Less frequent refilling with the extra-large, 220 ml water tank, so you can iron more clothes in one go.

Integrated water spray

The spray function produces a fine mist that evenly moistens the fabric, making it easier to iron out creases.

Larger soleplate

Larger soleplate to cover more in one go*

Easy water filling

Wider hole for easy water filling*

Power up to 2000 W

Power up to 2000 W enables constant high steam output.

Drip-stop system

Our drip-stop system prevents leakage to avoid stains from water droplets — and iron with confidence at any temperature.

Steam boost up to 100 g

Steam boost up to 100 g for fast removal of even the most stubborn creases.

Ceramic soleplate

Our durable ceramic soleplate glides well on all garments. It's non-stick, scratch-resistant and simple to keep clean.

4 steam settings

4 steam settings for better results on different fabrics

Calc Clean slider

This steam iron can be used with normal tap water and the calc clean slider makes it easy to remove any built-up scale from your iron. To maintain the performance of your Philips steam iron, you should use this scale clean function once a month when using normal tap water.

Continuous steam up to 25 g/min

Continuous steam up to 25 g/min for good crease removal.
