Highlights

Durable and hygienic plastic box

The tailor-made storage box has a partition to store the hose and a tray to store the nozzle, tube and accessories above the vacuum cleaner. Other cleaning equipment, such as cloths, sprays etc., can be stored inside as well. The box has a flat cover to allow storage of other things on top.

HEPA filter

This HEPA filter catches harmful microscopic vermin that cause respiratory allergies. To maintain effective filtration, replace the HEPA filter every 6 months.

s-bag

s-bag is the standard disposable dust bag that is widely available and easily recognisable by its logo. It is suitable for bag vacuum cleaners from Philips, Electrolux, AEG, Volta and Tornado.
