Food processor HR7740/55

Highlights

29-33 functions

With this food processor range, you can create an endless variety of dishes, using 29–33 different cooking techniques (named "functions"), from crumbling and creaming to folding in. The exact number of cooking functions varies per model: The HR7735 and HR7739 offer 29 cooking functions, the HR7740 offers 31 functions, the HR7744 offers 32 functions, and the HR7745 gives you most flexibility, with 33 cooking functions.

One touch (dis)assembly

Assembly and disassembly of a food processor was never easier: no more fiddling with the bowl or lid to find the right position to assemble: just click them on and off from any angle, by pressing the Click&Go button.

360 degree click-on

Thanks to the special ergonomic design of the underside of the bowl and lid, you don't have to search, twist and turn to find the right position to click them into place. They are designed to fall into place at any angle, effortlessly.

XL bowl

The extra large bowl allows for large working volumes: it can handle up to 1.25 kg heavy dough, 2 kg light dough, 1.8 l soup, and 7 eggwhites.
