Auto shut off

The steamer is safe to use on all ironable fabrics and garments. The steam plate can be safely pressed against any clothing with no risk of burning – a great solution for delicate fabrics, like silk.

99.9% bacteria-free*

Hot steam refreshes your clothes and kills up to 99.9% of bacteria*. Less frequent washing and dry cleaning saves time and money, and helps clothes last longer.

Extra-long StyleBoard

An extra long StyleBoard provides reliable support during steaming. Simply press the fabric between the steam plate and board for easier steaming with crisp results from top to bottom.

5 steam settings

Set your preferred steam setting for optimal results on different fabric. Use low steam for thinner fabrics and a more powerful setting for thicker fabrics and coats.

Hang&Lock

Our unique Hang&Lock feature holds your clothes hanger in place for convenient steaming. It prevents the hanger from swinging or falling off.

Easy Rinse descaling

Prolong the lifetime of your appliance by using the Easy Rinse descaling function regularly.

With handy FlexHead

Innovative FlexHead lets you steam the bottom of garments easily, with less bending and kneeling. The flexible steam plate ensures maximum contact with the fabric so less steam escapes for efficient results.
