Revive your delicate clothes with steam With innovative AirStretch technology

New ClearTouch Air garment steamer gives you better ironing results in one go, thanks to the innovative AirStretch technology and powerful steam. The suction gently stretches your clothes for safe and easy crease removal.

Better ironing results

- AirStretch technology for better ironing results in one go
- Extra powerful steam
- Perfect pleats made easy with pleat making accessory
- SmartFlow Gold steam plate for great results

More efficiency, less effort

- 3 steam levels including ECO mode
- Detachable, transparent water tank with hygienic water inlet
- Easy Rinse descaling function
- Unique Hang&Lock for stability during steaming
- ShoulderFit Hanger
- Glove for extra protection during steaming
- Safe to use on delicate fabrics, like silk

Refreshes clothes without washing or dry cleaning

- Removes cigarette, food and body odors

Highlights

AirStretch Technology

Achieve better ironing results faster, with the innovative air suction. This innovative technology uses adjustable suction force to gently pull and stretch the garment while keeping it close for deeper steam penetration. This combination helps you to achieve great ironing results with only one hand.

SmartFlow Gold steam plate

SmartFlow technology ensures great ironing results as the optimized steam flow heats up the steam plate. This keeps the steam plate at an optimal, safe temperature for all fabrics while effectively preventing wet spots. It features a premium gold ceramic coating that enables better gliding, scratch and corrosion resistance.

ShoulderFit Hanger

For easier ironing and improved results on shoulder parts, the smart 3D fabric pad provides a better fit for the garment and support while ironing. The 3D pad is removable so that you can use the hanger for different type of garments such as blouses, dresses, trousers and skirts.

Hang&Lock

Unique Hang&Lock feature locks the garment hanger and enables stability for more convenient steaming - even with your own hanger.

3 steam levels

Set your preferred steam level for optimal results on different kinds of garments. The ECO mode lets you save energy without compromising on results.

Detachable water tank

1.2 L detachable water tank with special water inlet for extra hygiene.

Easy Rinse descaling function

Prolong the lifetime of your appliance by using the Easy Rinse descaling function regularly.

Perfect pleats made easy

Perfect pleats made easy with pleat making accessory.

Steam kills bacteria

Hot steam kills up to 99.9% of bacteria on clothes and helps delaying washing or dry cleaning*.

Extra powerful steam

Powerful steam is blown through the nozzles, enabling you to remove creases with only a few strokes.

Glove for extra protection

Included is a glove that protects your hand during steaming.

Specifications

Technology

AirStrech Technology
