Multi-beverage, multi-user with full automated dual cleaning milk carafe

With the Saeco Xelsis coffee machine every family member can enjoy his or her favorite coffee. Thanks to the unique multi-user function up to 6 personal user profiles can be created and for each profile up to 9 beverages can be personalized

Authentic Italian coffee perfection

- Perfect milk froth thanks to the integrated milk carafe
- Milk specialties without the wait thanks to a double boiler
- Coffee without burnt taste thanks to 100% ceramic grinders

Set the beverages to suit your taste

- Personalize your coffee in 6 user profiles
- Play with the coffee's richness with our adjustable grinders
- Boost coffee crema and body

Ease of cleaning and maintaining

- Always a clean machine thanks to auto-clean and descaling
- Hygienic milk frothing thanks to automated dual cleaning

Highlights

100% ceramic grinders

This espresso machine is equipped 100% ceramic grinders. Saeco uses ceramic grinders because of their consistent grind without overheating the coffee bean for an impeccable espresso. Ceramic also ensures long-lasting performance and a totally silent operation.

8 step adjustable grinders

Different coffee blends require different levels of granularity for the full flavor to unfold. The grind granularity of this espresso machine can be adjusted in 8 settings, from the finest grind, for a full bodied espresso, to the coarsest, for a lighter coffee.

6 user profiles

This Saeco espresso machine comes with 6 customizable profiles that memorize your personal preference for different coffee drinks. This makes it very easy to get a perfect tailor-made cup of coffee although you are not the only one using the machine.

Automatic dual cleaning carafe

This Saeco espresso machine comes with a fully automated dual clean function for its milk carafe. The dual cleaning uses two independent steam cycles to swiftly rinse your milk carafe after each coffee drink you prepare, for a fresh milk drink everytime. Hygienic milk frothing was never this easy.

Auto cleaning and descaling

Saeco designed this espresso machine to automatically clean its coffee circuit with water upon starting up or switching off of the machine, this delivers a great, fresh taste with each cup of coffee. Regular descaling prolongs your espresso machine's life. This machine will not only prompt when descaling is needed, the automated descaling process will start on your machine and guides you with clear on-screen messages when you have to intervene. Descaling has never been so easy!

Professional double boiler

With 2 separate heating systems to cater for both the optimal coffee or milk frothing temperatures, this Saeco fully automatic

espresso machine guarantees professional performance and speed everytime. You are able to prepare as many latte macchiatos and cappuccinos as you wish, one after the other and each just as good as the previous without waiting.

Integrated milk carafe

Enjoy your milk specialties with the automated milk carafe with auto-clean. Simply pour milk into the carafe, plug it into the machine and select your preferred coffee drink. Whether it is a latte macchiato, cappuccino or caffelatte, your drink will be served within seconds. The carafe of your Saeco espresso machine conveniently comes with auto-clean, which means two automatic steam-rinsing cycles will clean your carafe's tubes after every use for a fresh milk taste everytime.

Crema and body boost

This Saeco features our patented crema and body boost. This dial, conveniently located at your machine's spout, allows you to smoothly adjust the counter pressure changing your espresso's body and crema. Try it yourself and find your favorite taste.
