Double your ironing speed with pressurized steam

Compact powerful ironing system with Carry-lock

Have all the convenience of a compact and portable sized system iron and double your ironing speed with pressurized steam.

Fast and powerful ironing

- Up to 4 bars of steam pressure for fast ironing
- Continuous steam up to 100 g/min

Comfortable ironing

- Ergonomically and lightweight 1.2kg iron
- Non-stick soleplate coating

Easy to use

- Lock your iron securely to the base station
- Variable steam settings to suit every garment
- Easy set-up and storage

ECO-setting: Save energy consumption

- Save 20% energy and 40% water consumption

Highlights

Up to 4 bars steam pressure

Double your ironing speed with pressurized steam. Pressurized steam penetrates deep into fabrics, making your ironing fast and easy, even on difficult fabrics.

Continuous steam

The more steam, the faster the ironing. The unique technology used in a Philips steam generator iron generates powerful steam making ironing easier, better and faster.

Ergonomic iron

The ergonomic design of the iron facilitates comfortable ironing by putting less strain on the wrist. The upward sloping handle ensures a natural position reducing strain during ironing. The iron design also prevents the repetitive movements caused by placing an iron on its heel. The iron is light (1.2kg) for an easy & comfortable ironing experience.

Safety carry lock

Your steam generator iron comes with a safety carry lock. You can lock your iron safely on the base, making it safer, reducing the risk of people touching the hot soleplate. You can also carry the steam generator easily.

Specifications

Comfortable ironing

Anti-scale management: Easy Rinse
Cord length: 1,9 m
Ergonomic iron design: Ergonomically designed iron for comfortable ironing
Hose length: 1.7 m
Safe in use: Overheat safety stop
Suitable for tap water
Water tank capacity: 800 ml

Crease removal

Continuous steam: Up to 100 gr/min
Pressurised Steam: Up to 4 bar
Soleplate: Optimal vent pattern
Vertical Steam: Continuous vertical steam

Easy to use

Control: Steam ready light, Temperature ready light, Variable steam settings, Water tank empty light
Easy to set up and store: Carry-lock, Compact design, Easy cord and hose storage
Reaching tricky areas: Button groove, Steam tip

Smooth gliding

Soleplate: Non-stick soleplate

Technical specifications

Boiler wattage: 1370
Frequency: 50-60
Iron wattage: 800
Start-up time: 6
Voltage: 220 - 240

Weight and dimensions

Product dimensions: 319 x 199 x 166
Product weight: 5,25
