

PHILIPS

Humidifier wick filter

2000 series

Hygienic humidification

HU4102/20

NanoCloud technology, hygienic humidification For Philips air humidifier series 2000

The Philips humidifier wick filter provides sufficient water absorption and evaporation efficiency

Hygienic humidification

- High water absorption and evaporation efficiency

Highlights

Hygienic humidification

This 30mm (1.18inch) thick wick is made of natural fiber material, with 12 layer honeycomb structure 68,200 square centimeter (10,571

square inch) unfolded surface space, providing high water absorption and evaporation efficiency.

Specifications

Performance

Particle CCM: P4

Formaldehyde CCM: F4

Toluene CCM: T4

Design and finishing

Color(s): White

Weight and dimensions

Weight of product: 1.45OZ/0.041 kg

Weight incl. packaging: 6.17Oz/0.175 kg

Dimension of product (LxWxH): 130x30x190

Dimension of packaging (LxWxH):

135x80x250 mm

Replacement

Humidifier wick: 3 Months

Country of origin

Country of origin: China
