Technology - where it counts

- Micro-mesh filter with high extraction ribs for more juice

Highlights

Extra-wide feeding tube

The 90 mm extra large feeding tube allows you to juice even large fruits and vegetables like apples, carrots and beetroots without pre-cutting.

Micro-mesh filter

The unique micro mesh filter of the Philips juicer with high extraction ribs made of stainless steel squeezes every drop and gives you more juice.

Spout with drip-stop position

When lifted, the drip-stop will prevent the juicer from dripping on the counter top. The drip-stop is very easy to clean as it is detachable and it is made of dishwasher safe materials.

Extended product guarantee

15 years guarantee on the motor will be provided upon registration within 3 months after purchase.
