# **PHILIPS**

# Steam iron

2000 W

Anti-calc

Non-stick soleplate

GC1433/40

# Easy and Effective

# 3 ways to make your ironing easier

This comfort steam iron makes your ironing easy and effecive with lots of continious steam and the non-stick soleplate soleplate makes your gliding easier. With comfort iron the ironing job is now made simpler.

# Easy to remove creases

- Power up to 2000 W enabling constant high steam output
- · Continuous steam up to 25g/min for good crease removal
- Steam boost up to 90 g for the most stubborn creases
- · A fine spray evenly moistens the fabric

### Easy gliding on all fabrics

• Easy gliding on all ironable garments

# Easy to start ironing

- · Large water tank 220ml and convenient water filling
- Bigger temperature dial for easier temperature adjustment
- Triple precision tip for optimal control and visibility

# Longer lifetime

· Calc clean slider to easily remove scale out of your iron

Steam iron GC1433/40

# Highlights

#### Power up to 2000 W

Power up to 2000 W enables constant high steam output.

#### Continuous steam up to 25g/min

Continuous steam up to 25g/min for good crease removal.

## Steam boost up to 90 g

The iron's 90 g steam boost enables you to easily remove even the most stubborn creases.

#### **Spray**

The spray function produces a fine mist that evenly moistens the fabric, making it easier to iron out creases.

## Non stick soleplate

The soleplate of your Philips iron is coated with a special non-stick layer for easy gliding performance on all ironable garments.

### Large water tank

Less refilling with the extra-large 220 ml water tank so you can iron more clothes in one go.

## Temperature dial

Bigger temperature dial for easier temperature adjustment

### Triple precision tip

The tip of this Philips iron is precise in 3 ways: it has a pointed tip, button groove and a sleek design of the nose. Triple Precision tip enables you to reach even into the most tricky areas, e.g. around the buttons or between the pleats.

#### Calc clean slider

This steam iron can be operated with normal tap water and the calc clean slider makes it easy to remove any built-up scale out of your iron. To maintain the performance of your Philips steam iron, you should use this scale clean function once a month when using normal tap water.
