- Coffee at the perfect temperature with our Thermoblock
- Keep your beans fresh for longer thanks to the aroma seal

A variety of coffees customized to your taste

- Adjust the volume, 5 aroma strength and 5 grinder settings
- Delicious milk froth thanks to the classic milk frother
- Adjust and store your personal user profile

Effortless use and cleaning for everyday enjoyment

- Easy cleaning thanks to fully removable brew group
- Up to 5000 cups* without descaling thanks to AquaClean

Highlights

100% ceramic grinders

Our grinders are 100% pure ceramic: extremely hard and precise, so you can enjoy fresh aromatic coffee, for at least 20.000 cups.

Thermoblock

The Thermoblock ensures a hot coffee and cappuccino for your family always at the perfect temperature. The secret is in its light aluminum and stainless steel body, which can reach hot temperatures, fast.

Preserve beans' aroma

The new Aroma seal protects your favorite coffee beans and makes sure they preserve their original aroma over time, while reducing the grinder noise.

Classic milk frother

The Classic Milk Frother dispenses steam, allowing you to easily prepare silky smooth milk froth for your cappuccino. What's more? With only two parts, the Classic Milk Frother is also easy to clean.

Customize your coffees

This Fully-Automatic machine offers an abundance of indulgent options to customize your beverage to your taste. You can easily personalize and memorize length, strength and temperature for each drink. Feel free to explore, experiment and dream up any drink!

MEMO function

You will always get a coffee brewed to your personal preference thanks to our memo function, which allows you to adjust and save

the coffee and cappuccino length in your cup. With this function, your machine will know exactly how you prefer your coffee and cappuccino.

Removable brew group

The brew group is the heart of every fully automatic coffee machine, and should be cleaned regularly. The removable brew group allows you to clean it thoroughly just by rinsing it under the tap.

AquaClean filter

By changing the filter after being prompted by the machine, you will not need to descale your machine for up to 5000 cups*, while enjoying clear and purified water.

Specifications

Design

Color: Black
