- Brewing time one cup: 45 (espresso) to 100 (long coffee) sec
- Water boilers: 1
- Cord length: 0.8 m
- Capacity water tank: 2.2 L
- Frequency: 50 Hz
- Voltage: 230 V

Weight and dimensions

- Weight of product: 15 kg
- Dimensions of product (WxDxH): 336 x 380 x 450 mm

Design

- Color: Black

Country of origin

- Made in: Italy

Highlights

Removable brewing group

Efficiency and ease of use were key inspirations when Saeco invented the first brewing group 30 years ago. And to this day, it still proves to be an inspired, resolute piece of technology. As always, it's so simple to clean – just remove it and wash it under the tap for a few seconds, then re-insert it just as easily.

Memo Function

Once you've chosen your ideal strength from the 5 different settings, you can easily save it with the Memo Function, as well your desired length and temperature. Then every cup in the future will be customised exactly to your taste. You'll never have to remind it again, unlike the local barista.

Automatic Milk Frother

The Automatic Milk Frother will deliver your coffee's crowning glory at the touch of a button. Within seconds it will be topped with a silky, milk layer of the finest consistency - the ultimate lure for all cappuccino lovers.
