Highlights

Extra HEPA outlet filter

The extra HEPA outlet filter ensures that even the finest dust and microscopic vermin stay inside the Mini Vac, so only clean air will come out.

900 Watt motor

The powerful 900W motor ensures a very high suction power for a Mini Vac, for a great cleaning result.

Handstick with cord winding

This Mini Vac can be used both for cleaning the floor and as a handheld. The releasable stick has an easy cord winding system, so the Mini Vac is ready to use quickly and easy to store.

One-step click-off nozzle

The Philips MiniVac vacuum cleaner is easy and quick to empty and hygienic to clean. The Philips MiniVac has a nozzle that easily clicks off in just one step, so you can empty the Mini Vac without touching the dirt.

Cyclonic and 3-stage filter

The Philips Mini Vac's cyclonic airflow keeps the dirt inside rotating to ensure optimal, high suction power and lasting cleaning performance. Its 3-stage filtration system ensures that, once inside, the dirt cannot escape. The first filter blocks most dirt, while the pleated, second filter traps the finer dust particles. The extra HEPA outlet filter ensures that even the finest dust and microscopic vermin stay inside the Mini Vac.

Soft touch handle

The soft touch handle ensures a comfortable grip, both on the stick and on the Mini Vac. The soft rubber coating feels gentle and gives the firm grip you need.
