## Culinary tools for life

### Blender for smooth blending in one go

Enjoy perfectly smooth blends with the innovative two-blade blending system. This Philips blender HR2181/00 is part of the Philips Robust Collection, a series of durable kitchen tools that make home cooking a pleasure every day.

#### **Robustly built**

- Solid metal base
- 2L oval shaped scratch-proof glass jar
- Power-efficient 850W motor
- 15 year guarantee on the motor

#### **The essentials - perfected**

- Stainless-steel serrated blades
- Auto-accelerate function, 5 speeds and pulse
- Large switches for easy control
- Easy-clean surfaces and dishwasher-safe jar

#### **Technology - where it counts**

- Two-blade blending system for continuous ingredient flow

# Highlights

## 2L scratch-proof glass jar

The 2L jar is made of high quality borosilicate glass which is scratch-proof, and allows to process hot ingredients. The unique oval shape ensures a perfect flow of ingredients that guarantees smooth results. The oval jar can easily be stored in the door of the refrigerator to directly cool fresh blends.

## Auto-accelerate function

The auto-accelerate function gradually increases the speed from 0 to 11.000 rotations per minute within 15 seconds. Even the toughest recipes can be blended in one go.

## Large switches

Blend effortlessly at different speeds thanks to the easy to use large switches.

## Power-efficient 850W motor

Developed for durable performance. 15 years guarantee on the motor upon registration.

## Two-blade blending system

The Robust blender has a special blending system with two knives that are rotating in opposite directions and at different speeds. The serrated blades of one of the knives are designed to cut even the toughest ingredients. The other knife optimizes the flow of the ingredients in the jar, so that they are all processed into perfect silky blends.

## Extended product guarantee

15 years guarantee on the motor will be provided upon registration within 3 months after purchase.

## Solid metal base

The Robust blender is made of high quality materials that make this blender a culinary tool for life. Its heavy duty metal body is fully die cast for optimal stability while blending.

# Specifications

## General specifications

**Auto-accelerate function:** Increases to maximum speed within 15 seconds to guarantee the one go process

**Integrated cord storage**

**Non-slip feet**

**Speed setting:** 5 and pulse

## Accessories

Measuring cup

## Design specifications

**Material housing:** Die cast aluminium

**Material jar:** Borosilicate glass

**Material blender jar:** Glass

**Material knife:** Stainless steel

**Color(s):** Aluminium and pumish grey

## Technical specifications

**Effective jar capacity:** 1.5 L

**Frequency:** 50/60 Hz

**Power:** 850 W

**Voltage:** 220-240 V

**Cord length:** 1.2 m

**Capacity blender jar:** 2 L

## Dimensions

**Box dimension (WxHxD):** 39.0x31.0x30.6

**Product weight:** 5.75 kg

**Weight incl. Packaging:** 6.91 kg

## Easy to clean

**Detachable parts:** Dishwasher-safe

**Smooth surfaces:** No rims and edges

## Guarantee

**Extended Guarantee:** 5 year product guarantee and 15 years guarantee on the motor

## Sustainability

**Made of recycled materials:** 24 %

**Recyclable materials:** 83 %

**Stand-by power consumption:** 0.4 W
