Simple, fast and effective

With calc-clean

There's so much more to life than household chores, so you want to get them done as quickly as possible. With its continuous steam, shot of steam and spray functions this iron is designed to easily remove even the most stubborn creases.

Comfortable ironing

- 360° swivel for easy maneuverability
- Variable steam settings to suit every garment
- Watertank filling door prevents water spilling

Longer lifetime

- Calc clean slider to easily remove scale out of your iron

Easily removes creases

- Continuous steam output up to 13 g/min
- Steam boost up to 60g for the most stubborn creases
- A fine spray evenly moistens the fabric
- Non-stick soleplate coating

Highlights

Calc clean slider

This steam iron can be operated with normal tap water and the calc clean slider makes it easy to remove any built-up scale out of your iron. To maintain the performance of your Philips steam iron, you should use this scale clean function once a month when using normal tap water.

Continuous steam output

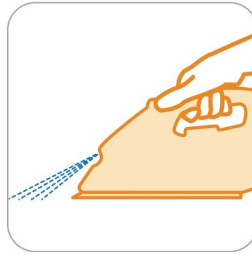

Continuous steam output up to 13 g/min

Steam boost up to 60 g

The iron's 60 g steam boost enables you to easily remove even the most stubborn creases.

Spray

The spray function produces a fine mist that evenly moistens the fabric, making it easier to iron out creases.

Non-stick soleplate

The soleplate of your Philips iron is coated with a special non-stick layer for good gliding performance on all fabrics.

Watertank filling door

Water tank filling door to prevent the water from spilling accidentally from the watertank

360° swivel

With this flexible swivel, which rotates in all directions, it is easier to maneuver the iron over the board

Variable steam settings

Variable steam settings let you select the perfect amount of steam for each fabric, so you get professional ironing results.
