Highlights

2-Stage Filtration System

The two stage filtration system ensures that, once inside, the dirt cannot escape again. The first filter blocks most of the dirt, while the second filter traps the finer dust particles.

Lasting battery power

The NiMH batteries of the handheld vacuum cleaner guarantee long-lasting power over time, compared to other type of batteries that suffer from memory effect.

Cordless freedom

Thanks to its rechargeable batteries you will be able to clean everywhere without being bound to a power outlet.

Easy-release dust container

The easy-release system of the dust container makes the disposal of dust and dirt hygienic, quick and easy.

Ergonomic handle design

The Philips handheld vacuum cleaner has a looped handle that ensures easy grip for maximum comfort during use.

Crevice and Brush Tools

With the crevice and brush tools, you will be able to really clean everywhere. The soft brush attachment is gentle on delicate surfaces and the crevice tool lets you clean even those awkward, hard-to-reach places.

Advanced dust bin chamber

The advanced dust bin is large enough for you to do multiple cleaning runs without needing to empty it in between.

Lightweight

Lightweight to ensure maximum comfort and minimum effort during your cleaning sessions.
