Highlights

ProMix Blending Technology

The Philips handblender ProMix technology was developed together with the prestigious Stuttgart University. It is an advanced technology for more consistent and faster blending. The unique ProMix blending technology of Philips hand blenders uses a triangular shape to create an optimal flow and gives maximum performance making silky smooth soups and smoothies.

25-speeds and turbo

With 25 speed settings you can select the optimal speed for all type of ingredients creating the preferred consistency or smoothest blending results.

700 Watt Motor

With the powerful and durable motor of 700 Watt, almost any ingredient can be blended.

Extra powerful turbo button

The Philips hand blender has an extra powerful turbo button for the toughest ingredients.

Soft touch grip and buttons

The soft touch grip and buttons provide comfort when using the product.

Compact Chopper Accessory

With the compact chopper accessory (300ml) for this Philips hand blender you can chop meat, herbs, nuts, cheese, chocolate and onions in seconds.

Whisk accessory

Single whisk accessory for Philips hand blender for whipping cream, mayonnaise, pancake batter and more. Makes your hand blender multifunctional and versatile.

XL Chopper Accessory

With the XL Chopper accessory (1000ml) for this Philips hand blender you can chop large quantities of meat, herbs, nuts, cheese, chocolate and onions in seconds.
