Highlights

5-steps adjustable grinders

When it comes to the fineness of the grind, this machine never fails to satisfy. Different coffee blends require different levels of granularity for the full flavor to unfold. So the grind granularity of this machine has five adjustable settings – from the finest grind for a full-bodied espresso, to the coarsest for a lighter coffee.

100% Ceramic grinders

The robust 100% ceramic grinders guarantee a moment of pure coffee indulgence for years to come. The ceramic material creates the ideal grind, which allows the water to flow through steadily, extracting the purest essence of the

beans. And unlike other 'regular' grinders, the ceramic material prevents the coffee from overheating and tasting burnt.

Removable brewing group

Efficiency and ease of use were key inspirations when Saeco invented the first brewing group 30 years ago. And to this day, it still proves to be an inspired, resolute piece of technology. As always, it's so simple to clean – just remove it and wash it under the tap for a few seconds, then re-insert it just as easily.

Memo Function

Once you've chosen your ideal strength from the 5 different settings, you can easily save it with the Memo Function, as well your desired

length and temperature. Then every cup in the future will be customised exactly to your taste. You'll never have to remind it again, unlike the local barista.

Philips Green Logo

Philips Green Products can reduce costs, energy consumption and CO2 emissions. How? They offer a significant environmental improvement in one or more of the Philips Green Focal Areas – Energy efficiency, Packaging, Hazardous substances, Weight, Recycling and disposal and Lifetime reliability.

Specifications

Technical specifications

Pump pressure: 15 bar
Capacity milk carafe: 500 ml
Capacity bean container: 300 gr
Capacity waste container: 10 servings
Max. cup height: 130 mm
Water boilers: 1
Voltage: 230 V
Frequency: 50 Hz
Cord length: 0.8 m
Capacity water tank: 1.5 l

Sustainability

Power consumption brewing: 1900 W

General specifications

Cups at the same time: 2
Compatible coffee serving: Whole coffee beans, ground coffee powder
Type of carafe: Basic carafe
Type of boiler: Quick heat boiler

Special functions: Ceramic grinder, Integrated carafe, Pre-brewing, Hot water option

Customizing per drink: Adjustable coffee strength, Adjustable temperature, Adjustable cup volume

Ease of use and comfort: Adjustable spout, Automatic stand-by

Ease of cleaning & maintenance: Automatic de-scaling cycle, Removable brewing group, Optional Brita water filter, Automatic rinse cycle

Coffee drinks: Espresso, Cappuccino, hot water, Café Crème, frothed milk, Espresso Macchiato, Latte Macchiato

Finishing

Material boiler: Stainless steel (Inox)

Material drip tray: Stainless steel

Material of main body: Stainless steel & plastic

Material water tank: Plastic

Country of origin

Made in: Europe

Service

2-year guarantee
