Highlights

6 beverages

Enjoy a wide variety of drinks to suit any occasion. Whether you crave for an espresso, a coffee or a milk based recipe, your Super-automatic machine delivers a perfect in-cup result with no hassle and in no time!

Integrated milk carafe

Enjoy super creamy cappuccino and Latte Macchiato at the perfect temperature, in the easiest way possible. Simply pour milk into the carafe, plug it into the machine, and select your preferred beverage. Whether it's a cappuccino or frothed milk, your drink will be served within seconds, with a splash-free flow at the ideal temperature.

Customize your coffees

This Super-Automatic machine offers an abundance of indulgent options to customize your beverage to your taste. You can easily personalize and memorize length, strength and temperature for each drink. Feel free to explore, experiment and dream up any drink!

User Profiles

Store the length of any coffee and milk beverage according to your personal taste. You will be able to drink espresso, coffee and all other beverages always as you prefer, at the touch of a button.

100% ceramic grinders

Our grinders are made of high-tech ceramic: exceptionally hard and precise. Fresh beans are gently ground, without risk of overheating: extracting all the best flavors and aroma, delivering a superior coffee taste for at least 20,000 cups.

Latte Perfetto Technology

Every coffee you prepare will be topped with a silky, milk layer that beckons the taste buds. The milk carafe froths the milk twice, then pours a splash free creamy layer into your cup at just the right temperature. The carafe can also be stored conveniently in the fridge and it is incredibly hygienic.

Stainless steel finishing

Every minute detail of this machine was designed and crafted to the highest quality. The stainless steel finishing, inspired by

Italian design and craftsmanship will stand the test of time in any classic or modern kitchen. An elegant vision of pure design, your machine will look as refined as the coffee it makes.

Thermoblock

Say goodbye to lukewarm coffee. Thermoblock ensures a hot coffee and cappuccino for you family from the first cup, in no time. The secret is in its light aluminum and stainless steel body, which can reach hot temperatures, fast.

AquaClean filter

AquaClean

AquaClean is our patented water filter, designed to improve the quality of your coffee by purifying water. It also prevents scale build-up in the water circuit of your coffee machine: make up to 5000* cups without descaling by replacing the filter regularly.

Quick Milk clean

The unique one-touch carafe quick clean allows you to thoroughly rinse the milk system at your convenience after every use
