

# Philips Avance Collection Mixer

This Philips' unique Fleximix mixer reaches all corners and the 750W motor ensures supersmooth lump free result. Infinite speed setting gives maximum control over mixing, while hand blender bar, dough hooks and chopper offer real versatility.

The product housing is free of polyvinylchloride and brominated flame retardants, and comes in a packaging that is made with >75% recycled cardboard material

## Our eco passport

Philips wants to make the world healthier and more sustainable. To make this a reality, we have to keep thinking differently; pushing the boundaries of what is currently believed possible. We continuously innovate and deliver products and technologies that are positive for people and the environment. At Philips we call this Green Innovation.

We know this is important to you too. So we have developed an eco passport which explains the environmental performance of our products in the Philips Green Focal Areas, developed through our eco design process since 1994, enabling you to make conscious, informed decisions. An eco passport will explain the Green Focal Areas considered and applied in the specific product.

### Energy
