GAGGIA
MILANO

HIGHLIGHTS

Pressurized filter holder

The pressurized filter holder on your Gaggia machine will create an Espresso with the perfect Crema.

Water filter ready

The optional water filter can prevent tainting of the coffee and maintains a purer flavor. It will also prevent the building of limestone inside the Espresso machine. This way you have to descale less and you can prolong the lifetime of your Gaggia.

Coffee pods compatible

Our Gaggia manual machines come with a coffee filter for 1 or 2 cups of ground coffee, and a special filter for so called ESE (easy serve Espresso) pods. These ESE pods are perfectly

portioned and make it easier to operate a manual Espresso machine.

Professional filter holder

The heavy filter holder on your machine is made from chromed brass and also used on all professional Gaggia Espresso machines. Only the professional filter holder will give you consistent coffee temperature and the real Barista experience.

15 Bar

The 15bar pressure of your Gaggia coffee machine will make sure you always get the authentic Espresso taste.

Classic milk frother

The classic milk frother on this Gaggia Espresso machine, traditionally called

"Panarello", turns milk into gorgeous milk froth within seconds for a Cappuccino, a Latte Macchiato or more. It also delivers hot water for tea.

Cup plate

The cup plate on top of the Espresso machine makes it easy to always have a cup handy.

Rotating classic milk frother

The classic milk frother on this Gaggia Espresso machine, traditionally called "Pannarello", turns milk into gorgeous milk froth within seconds for a Cappuccino, a Latte Macchiato or more. It also delivers hot water for tea and can be easily rotated for hassle-free frothing.
