

PHILIPS

Bagless vacuum cleaner

PowerPro Expert

2100W

PowerCyclone 8

Allergy H13 filter

Remote control

FC9735/61

Picks-up and locks 99% of fine dust.*

Thanks to exceptional suction and Allergy Lock

The Philips PowerPro Expert is engineered for superior cleaning with powerful suction power. PowerCyclone 8 technology and our TriActive+ nozzle deliver top results on any floor.

Effortless cleaning

- ErgoGrip handle for maneuverability and remote control
- Onboard accessories: Conveniently stored, always at hand
- Soft brush integrated into handle for easy access

Superior performance

- PowerCyclone 8 technology separates dust from air
- TriActive+ nozzle for 3-way cleaning action

Allergy friendly

- Allergy Lock traps dust inside
- Easily emptied with one hand to control dust
- Captures 99.9% of all fine dust
- Allergy H13 filter system captures >99.9% of fine dust

Highlights

ErgoGrip remote control

ErgoGrip handle allows easy maneuverability in tight spaces. Built-in remote control buttons let you control power and adjust settings comfortably — without bending, squatting or interrupting your cleaning.

Onboard accessories

Onboard accessories: Conveniently stored, always at hand

Integrated soft brush

Soft brush integrated into handle for easy access

Powerful cyclonic action

Exclusive PowerCyclone 8 technology quickly accelerates air in the cyclonic chamber to separate out dust. The powerful swirling action maximizes airflow and performance for remarkable cleaning results.

3-way cleaning action

Our exclusive TriActive+ nozzle gently opens carpet pile for a deeper clean. Air channels at the front let large crumbs in and brushes at the sides clean closely along your furniture and walls.

Allergy Lock

Our Allergy Lock system uses a sensor to ensure the dust container is fully sealed and leak-proof before operating.

Simple and tidy to empty

The dust container detaches with one hand and controls dust with its unique shape and smooth surface.

Allergy filter

Our clean-air filter system creates a perfect seal and captures 99.9% of fine dust — including pollen, pet hair and dust mites — for allergy sufferers and anyone demanding a higher level of hygiene.

IF DESIGN AWARD 2018

IF award-winning products and projects, concepts and more, selected by the top names in design. For 65 years, the iF DESIGN AWARD has been recognized as an arbiter of quality for exceptional design. The iF label is renowned worldwide for outstanding design services, and the iF DESIGN AWARD is one of the most important design prizes in the world.

Specifications

Performance

Airflow (max): 41 l/s
Input power (IEC): 1800 W
Input power (max): 2100 W
Sound power level: <79 dB
Suction power (max): 470 W

Usability

Action radius: 10 m
Carrying handle: Top and front
Cord length: 7 m
Tube type: Metal 2-piece telescopic tube
Wheel type: Rubber
Tube coupling: ActiveLock
Power control: Electronic on appliance

Design

Color: Beluga metallic

Filtration

Dust capacity: 2 L
Exhaust filter: Allergy H13 filter
Motor filter: Lifetime washable filter
Filtration level: HEPA13 level**

Nozzles and accessories

Accessories included: Crevice tool, Small nozzle, Integrated brush
Accessory storage: On board

Extra accessories: Filter replacement: FC6042/01

Standard nozzle: TriActive+ nozzle

Sustainability

Packaging: > 90% recycled materials
Stand-by power consumption: < 0,5 W
User manual: 100% recycled paper

Weight and dimensions

Dimensions of product (LxWxH):
505x292x292 mm
Weight of product: 5.5 kg
