- Product weight: 2.17 kg

# Highlights

## Personal coffee memory

You can programme the coffee maker to brew the amount of coffee you prefer and adjust the coffee quantity up to 145 ml. Feel free to experiment and see what you like best.

## Smart guided touch panel

Operate your Philips coffee maker in a modern and intuitive way with the unique and smart guided touch panel. The LED indicators guide you through the different functions of your coffee maker to make your coffee experience even more convenient.

## Strength select function

Prepare your favourite cup of coffee by adjusting the strength and intensity of its taste. With the strength select function on your SENSEO®, you can choose between strong short and mild long coffee.

## Adjustable spout

By raising or lowering the spout you can adjust your SENSEO® coffee machine to the size of your favourite cup or mug.

## Decalcification indicator

The Philips coffee machine will remind you when to descale your appliance. Regular descaling with the specially developed SENSEO® descaler ensures your coffee tastes its best and prevents build-up of limescale from tap water.

## Variety of blends and flavours

SENSEO® offers you a large variety of coffee blends and flavours, each with its own distinctive taste to fit your personal preference.
