non-stick soleplate

Featherlight Plus

Steam 15 g/min

Non-stick soleplate

Calc-clean

GC1423/40

Iron 30% faster with steam*

There's so much more to life than household chores, so you want to get them done as fast as possible. With continuous steam, non-stick coating and a built-in water spray, this iron is designed to remove wrinkles from garments quickly.

Fast crease removal

- Continuous steam up to 15 g/min for fast crease removal
- Power up to 1200 W enabling constant high steam output
- Non-stick soleplate coating

Easy to use

- Large temperature control dial for different kind of fabrics
- Integrated water spray for making ironing easier
- Triple precision tip for optimal control and visibility
- Comfortable handle and stable heel rest for extra stability
- Large filling door for preventing water spilling

Longer lifetime

- Calc-clean for extending iron's life for years

Highlights

Comfortable handle and stable

Comfortable handle and stable heel rest for extra stability

Large filling door

Large filling door to prevent accidental water spilling.

Power up to 1200 W

Power up to 1200 W enabling constant high steam output

Continuous steam up to 15 g/m

Continuous steam up to 15 g/min for fast crease removal.

Temperature control dial

The large temperature control dial lets you easily adjust to the right ironing temperature for each kind of fabric, so you can achieve your desired results safely.

Triple precision tip

The tip of this Philips iron is precise in 3 ways: it has a pointed tip, button groove and a sleek design of the nose. Triple Precision tip enables you to reach even into the most tricky areas, e.g. around the buttons or between the pleats.

Integrated water spray

The spray function produces a fine mist that evenly moistens the fabric, making it easier to iron out creases.

Non-stick soleplate

The soleplate of your Philips iron is coated with a special non-stick layer for good gliding performance on all fabrics.
