

# PHILIPS

Cordless steam iron

AZUR 2-in-1

180 g steam boost

30 g/min steam

2000 W

GC4820/02

## Freedom of motion, freedom of choice

### Powerful steam, with or without cord

No more compromise between freedom and results. Iron with Azur FreeMotion as usual, just without the cord. Charge the iron on the base while you rearrange a garment. Tough creases? Switch easily to corded mode to have continuous power flow.

#### Comfortable ironing

- 2-in-1: great cordless iron and a powerful steam iron in one
- Vertical steam for crease removal in hanging fabrics
- Turbo steam releases continuous steam at the maximum rate

#### Easily removes creases

- 180 g steam boost to remove stubborn creases easily
- Continuous steam up to 30 g/min for better crease removal

#### Easy gliding on all fabrics

- Scratch-resistant, highly durable Anodilium soleplate

#### Longer lifetime

- Calc-clean to prevent your iron from scale build-up

#### Easy setup and storage

- Hardcover storage and carry case

# Highlights

## 2-in-1 cord/cordless function

2-in-1 function gives you a powerful cordless steam iron, which can be easily converted into a corded steam iron. Enjoy the ultimate freedom of movement in the cordless mode without changing your ironing pattern: the iron will charge itself on the docking station while you rearrange the garment. Tough fabric? Switch to the corded mode and iron as you would with any other steam iron.

## Steam boost up to 180 g

Steam boost enables you to easily remove even the most stubborn creases.

## Vertical steam

**Vertical shot of steam**

This Philips iron has a vertical steam function, for crease removal in hanging fabrics.

## Turbo steam

Remove even the toughest creases by releasing the maximum continuous steam rate with the Turbo steam function. While the steam boost function releases a single shot of steam, turbo steam releases a continuous flow of steam at its maximum rate for a few minutes on demand.

## Anodilium soleplate

Excellent gliding, excellent scratch resistance, excellent to clean, excellent durability!

## Steam up to 30 g/min

Continuous steam output of up to 30 g/min for better crease removal.

## Calc-clean

**Double active calc**

The calc-clean function enables you to simply flush your Philips iron to remove the calc particles from your iron. This will extend the lifetime of your iron.

## Carry case

**Easy storage**

The hardcover storage and carry case protects the iron when not in use.
