For Philips Avent bottles and other leading brands

- Compatible with most leading bottle and baby food jar brands

Warms milk in as little as 3 minutes*

- Defrost function for frozen milk and baby food containers
- Smart temperature control adjusts the heating pattern

Highlights

Manages temperature for you

Put bottle with milk into warmer, add water to the warmer until it's level with the milk in the bottle, set the milk volume on the dial and press start. Then let smart temperature control take care of the rest. It adjusts the heating pattern based on factors like the amount of milk in the bottle so the warmer warms milk quickly and consistently.

Easily defrosts frozen feeds

Like to keep the freezer stocked with extra feeds? The bottle warmer quickly defrosts milk and baby food containers too.

Supports transition to solids

When your little one is ready to graduate to solids, the bottle warmer also defrosts and warms baby food containers.

Less time in the kitchen

Designed with just one piece so cleaning is easy and you can enjoy more time with your little one.

Ready whenever you are

Our bottle warmer keeps milk warm for up to 60 minutes, just in case you need more flexibility around mealtime. Then automatically shuts off, giving you peace of mind.

Fits your baby's favorites

Designed to fit your baby's favorite Philips Avent bottles and most leading baby bottle and baby food jar brands.
