Highlights

2 speed settings and pulse

For best results, use the low speed setting (speed 1) to whip cream, beat eggs, create pastries and bread dough. The higher speed setting (speed 2) is well suited to chop onions and meats, blend soups and smoothies or shred, slice, grate or rasp vegetables.

40% larger feeding tube

The new Philips Daily collection Food Processor comes with a feeding tube which is 40% larger than the previous HR7625 model, saving precutting time of fruits and vegetables

Stainless steel disc inserts

Simply select the right stainless steel disc insert to prepare your favorite ingredient and click it onto the disc holder. Performance has been tested extensively to provide the best slicing and shredding results.

Powerful processing

650 W

This Philips Food Processor offers a powerful motor providing power and control to prepare all your favorite recipes.

Up to 5 portions in one go

The generous 2.1L bowl (1.5 L working capacity) enables you to blend up to 5 portions of soup in one go.

Dishwasher safe accessories

All accessory parts of your Philips food processor can be put on the top rack of your dishwasher for easy cleaning.

Emulsifying tool

The perfect tool for whipping, whisking or emulsifying eggs or whipped cream. For best volume increase and fluffiness, use the low speed setting. Creating delicious desserts or mayonnaise has never been easier!

PowerChop technology

PowerChop

PowerChop technology is a combination of blade shape, cutting angle and inner bowl that provides a superior chopping result in both soft and hard ingredients. It is also perfect for making purées and mixing your cake batters!
