Highlights

Adjustable coffee length and

Choose your favourite coffee blend and adjust coffee length and intensity (temperature, prebrewing, strength). Length: you can adjust the amount of brewed coffee according to your taste and/or the size of your cups. Temperature: the machine allows you to adjust via setting menu the temperature of your coffee. Prebrewing: you can adjust via setting menu the time of pre-wetting of the coffee powder into the infusion chamber, in order to extract all the taste. Strength: the machine is set-up for adjusting the strength with the amount of coffee to be ground, using the specific lever on the side.

Autocleaning and de-scaling

Easy to use includes easy maintenance: Thanks to the automatic cleaning and de-scaling cycles, you are guaranteed perfect enjoyment every day and maximum longevity for your automatic espresso machine.

Cup warmer

This feature allows you to not only store your cups and glasses right on the machine, it also pre-heats them letting the aroma unfold even better and guaranteeing a long-lasting crema

Dishwasher safe Cappuccinatore

Dishwasher safe Cappuccinatore

Double boiler

Optimal conditions for everything: two independent circuits assure quick and convenient coffee preparation directly after frothing your milk.
