- Heat resistant box for immediate storage after ironing

#### Fast and powerful performance

- 2400 W for quick heat up
- Steam output of up to 40 g/min for better crease removal
- 150 g steam boost to remove stubborn creases easily

# Highlights

## 2400 W for quick heat up

2400 W for quick heat up and powerful performance

## Steam up to 40 g/min

Continuous steam output of up to 40 g/min gives you the perfect amount of steam to efficiently remove all creases.

## Steam boost up to 150 g

The iron's 150 g steam boost enables you to easily remove even the most stubborn creases.

## SteamGlide soleplate

SteamGlide soleplate is the best Philips soleplate for your steam iron. It has great scratch resistancy, glides excellent and is easy to clean.

## Calc clean slider

This steam iron can be operated with normal tap water and the calc clean slider makes it easy to remove any built-up scale out of your iron. To maintain the performance of your Philips steam iron, you should use this scale clean function once a month when using normal tap water.

## Robust heelrest

This iron features a specially designed extra large heelrest, which gives extra stability when it is put in vertical position.

## Drip-stop system

The Drip Stop system of your Philips steam iron lets you iron delicate fabrics at low temperatures without having to worry about stains from water droplets.

## Heat resistant storage box

This heat resistant storage box is designed for storing the hot iron easily and immediately after use.
